

Collaborative Care Standard of Practice Development & Consultation Process

**Summer
2022**

Council recommends reviewing the Standard sooner than scheduled.

Registrants were surveyed.

**Late
2023**

Working Group of specialists and family physicians to update the Standard was formed.

2024

The Standard was reviewed; new Standard principles are developed and the Standard was revised.

2025

Feedback collected in pre-consultation focus groups. Participated in and received further feedback from the **Doctors Manitoba Referral & Consultation Summit on October 31.**

**Dec
2025**

Will go to Council in Dec for approval to hold a broader, public consultation in **January 2026.**

**Jan
2026**
