and responsibilities as described in paragraphs 5, 6, 7, 8 and 9 of this Contract of Supervision, during any period when Physician Assistant is practicing pursuant to this Contract of Supervision and Primary Supervisor is unavailable or unable to fully fulfil their supervisory role.

16. The role and responsibilities of Primary Supervisor described in paragraphs 5, 6, 7, 8 and 9 of this Contract of Supervision may not be held concurrently by multiple persons. Only one alternate supervisor may assume the role and responsibilities of Primary Supervisor at any time.
17. Only those individuals who have signed this Contract of Supervision below specifically as an alternate supervisor may act as an alternate supervising physician for Physician Assistant in accordance with this Contract of Supervision. Where Primary Supervisor is unavailable or unable to fully fulfil their supervisory role and no alternate supervising physician is available and designated, Physician Assistant must cease practicing until either:

 - b. Physician Assistant shall not practice beyond the professional scope of the responsible supervising physician, which may be the alternate supervisor or an additional supervisor named in this Contract of Supervision.
19. Where an alternate supervisor identifies any concerns about the competence or fitness to practice of Physician Assistant, they must bring them to the attention of Primary Supervisor.

22. When working in a departmental or program setting, Physician Assistant may receive direction to perform certain medical duties or undertake medical responsibilities from a regulated member who works in the setting and is named in this Contract of Supervision as an additional supervisor. Where this occurs, the additional supervisor will supervise Physician Assistant in relation to the medical services they are directed to undertake by the additional supervisor. The Primary Supervisor, or alternate supervisor when designated, retains ultimate responsibility for supervising Physician Assistant in this context. Physician Assistant may perform medical functions that are within the scope of their practice description and the scope of the additional supervisor's practice when acting under the supervision of the additional supervisor.
23. An additional supervisor will not assign to Physician Assistant any duty or responsibility for which they themselves have not been adequately trained or for which they are not competent to perform, nor will they assign to Physician Assistant any duty or responsibility that falls outside of the scope of the Practice Description.
24. Where an additional supervisor identifies any concerns about the competence or fitness to practice of Physician Assistant, they must bring them to the attention of Primary Supervisor.
25. When not acting in their capacity as an alternate supervisor, any person who signs this Contract of Supervision as an alternate supervisor will also have authority to act under this Contract of Supervision as an additional supervisor.
